SUMMARY

Computer Science & Engineering undergraduate with internship experience in machine learning and computer vision. Builds AI-focused applications and data-driven web projects, with hands-on exposure to Python, Scikit-learn, data analysis and visualization. Interested in AI/ML engineering and software roles.

EXPERIENCE

Machine Learning Intern | Central Tool Room & Training Centre, Odisha | June 2026 – July 2026
- Developed a web-based face recognition attendance system using Python and computer vision.
- Integrated an ML architecture into a website and implemented additional modifications to support the application.
- Tools: Python, Scikit-learn, Pandas, NumPy, Matplotlib, Seaborn and Computer Vision.

PROJECTS & DEVELOPER TOOLING

NEEDSENSE AI | AI-powered community intelligence and NGO coordination platform
- Explores AI-assisted civic issue reporting, issue clustering, urgency assessment, community heatmaps and volunteer coordination.

SkillGapRadar | Skill-gap analysis and technology-market insights platform
- Focuses on comparing user skills with market demand through skill forecasts, trend visualizations and learning-path recommendations.

LexiLab | Web-based lexical analyzer
- A code-analysis learning tool based on compiler design and finite-automata concepts, presenting lexical analysis results in an IDE-style interface.

SKILLS

Programming: Python, Java, C; JavaScript (Beginner)
AI / ML: Machine Learning, Deep Learning, Computer Vision, Scikit-learn
Data & Visualization: NumPy, Pandas, Matplotlib, Seaborn
Web & Tools: HTML, CSS, React.js, Node.js, Express.js, Git, GitHub, n8n
Design: Figma (Advanced)
Framework exposure: TensorFlow/Keras, PyTorch

ACHIEVEMENTS & LEADERSHIP

- 1st Prize – Machine Learning Advanced Workshop competition, Idea & Innovation Cell.
- 2nd Prize – One Week Workshop on Large Language Model (LLM) competition, Idea & Innovation Cell.
- 2nd Prize – Designathon, CodeKriti 3.0.
- Hackathon participant – SIH 2025, OSFIC 2026, DevExtreme (CodeKriti 3.0, 2024) and Avishkaar 3 (2025).
- Event Management Head, Idea & Innovation Cell; previously Social Media Designer.
- Organized the college Internal Smart India Hackathon with 45+ participating teams.
- Conducted technical knowledge-sharing sessions for club members.
- LeetCode: 48+ problems solved – leetcode.com/u/prateek_mohanty11.

CERTIFICATIONS

Artificial Intelligence and Machine Learning – Central Tool Room & Training Centre, Odisha (2026).

EDUCATION

B.Tech, Computer Science & Engineering | Parala Maharaja Engineering College, Berhampur | 2024–2028 (Expected) | CGPA: 8.04
Class XII (CBSE) | St Xavier's High School, Dhenkanal | 84.6%
